Welcome to our summer programme, filled with Music, Summer Camps, Workshops and Theatre. We're excited to be premiering the Irish Chamber Orchestra's Testimony featuring Barry McGovern, in a fascinating piece of music theatre which captures the powerful memoirs of an ailing Shostakovich. Again this summer we're taking part in Cruinniú na nÓg, a free afternoon of activities for children, supported by Creative Ireland, Tipperary County Council and RTE. For more information on any of the activities in the programme, feel free to contact us on 067 34400.

Barren Rock Productions Proudly Presents

Face The Short Kick Out

Written & Performed by Richard Lynch

Face the Short Kick Out is a power packed piece of drama laced with rich earthy humour throughout. There are few, if any, families who don't have some connection with the G.A.A, either on or off the field. It's from here that Richard Lynch cuts deep into the heart of the Association, the Club, with his new play. It's one that digs deep into G.A.A. passions, written in his own unique style. Group bookings available, contact the Box Office for details
